

Integers RAFT

Pick a row and take on a specific role! As that role, you will address a specific audience in the given format about a specific topic in mathematics! If you would like, you may come up with a different role, audience, format, and topic. Just get it approved by me!

Role	Audience	Format	Topic
Negative Number	Another Negative Number	Love Letter	Two negatives make a positive!
Negative Number	Opposite Number	Poem	Opposites Attract!
Positive Number	Negative Number	Party Invitation	What to do when we get together! (addition)
Integer	Math Students	Persuasive Speech	Positive (or negatives) are more important!
